The sixth annual Rock n Roll Craft Show to rock St. Louis on Thanksgiving weekend!

St. Louis, MO, November 27-29, 2009 – The Rock N Roll Craft Show's sixth annual 3 day department style craft show will be this winter at the Third Degree Glass Factory. Rock N Roll Craft Show 6 —Holiday Extravaganza will feature over 100 crafters as well as musical entertainment, and will once again prove to be this city's hottest art event!

Once more, this year's event will be held at Third Degree Glass Factory, located at 5200 Delmar, between Union and Kingshighway, situated between the lively Delmar Loop and the historic Central West End neighborhoods. Once again, the organizers of RRCS will present unique, next-generation, hand-made items from artists known both locally and nationally. The THREE day long event will feature over 100 crafters, musical entertainment, family-friendly craft demonstrations, and great eats and drinks.

Red Carpet Black Friday....

We are proud to present another day of shopping with Red Carpet Black Friday. On Friday, November 27th, shoppers will pay \$15 for early entry to the show and get V.I.P treatment including great giveaways, exclusive performances, and premiere access to all the fantastic hand-made goods!

Who we are:

The Rock N Roll Craft Show was started by a group of crafty friends in 2005 that wanted to provide a venue for themselves and others to display their original work. Rather than compete with the quilt-filled craft shows of our grandparents' generation, the Rock N Roll Craft Show aims to capture the energy of this generation's DIY creations. Since the humble beginnings of the first RRCS with 50 vendors and 500 attendees, we have now grown by leaps and bounds to have our last RRCS5 totaling over 100 vendors and 6000 attendees!

Join us in putting our beloved St. Louis on the art-scene map on November 27-29 at Third Degree Glass Factory to experience the perfect alternative to the madness of the traditional holiday retail shopping scene! Take a break from gift browsing to relax with a drink and a snack while checking out one of the featured bands or participate in one of the family-friendly craft workshops.
